

Board Assessment

Instructions for self-assessment

1. Discuss your assessment as a team, taking time to talk through areas of disagreement. Develop and note group ratings for each area.
2. Circle 2-3 areas you are most interested in working to improve this year. If you have time, make some notes about next steps.

Note: you will be asked to turn this in so we can use it internally as a pre-assessment, but you will receive a copy within the week for your own reference.
